

IS THE AUSTRALIAN GOVERNMENT TRYING TO MAKE NORFOLK ISLAND A NAVAL BASE?

Is Australia look at **'using and abusing'** Norfolk Island as a possible naval base – surely not. Why would they want to destroy the island's beauty, economy and lifestyle?

The Australian Government must explain to the Norfolk Island people if this is on the agenda.

Norfolk island does not need to be bought into the issues regarding Australia's concern of China in the Pacific. This is not Norfolk's fight it is Australia's problem.
